

COOKT

Rebrand R04

Deck skeleton

Next creative review / date to confirm

Four decisions for this round

Recognition

Select a legible wordmark candidate.

Brand color

Choose mint or smoked chili on matched layouts.

Packaging

Resolve naming and sleeve-label architecture.

Commerce

Confirm the mobile route from dish to box.

A FRESH TAKE ON FROZEN

01 / R04

Logo & color

Make COOKT read at a glance

Current D1 / reference

C / spacing refinement

Candidate A

Insert horizontal + vertical
marks

Typeface alternative

Candidate B

Insert horizontal + vertical
marks

Same size. Same color. Same applications.

Select one candidate to develop.

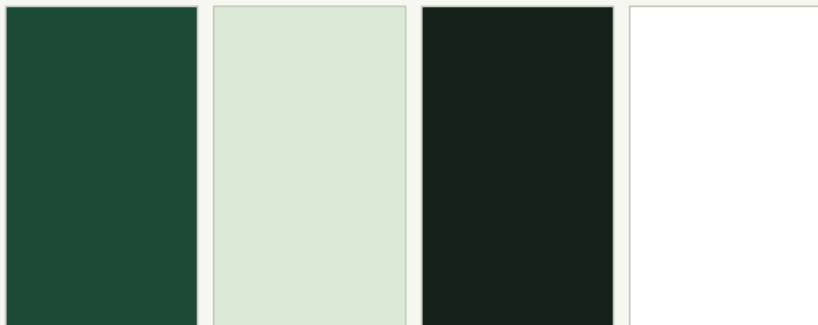

Test the mark where it has to work

	Four-pack lineup	Longest dish name	Mobile header
Lead candidate	Place test	Place test	Place test
Alternative	Place test	Place test	Place test

Confirm legibility at the smallest useful size.

One brand. Two color routes.

Mint

#1D4A36

#DCE9D6

#16211B

#FFFFFF

Smoked chili

#9B2D1F

#F5EDD9

#2A1511

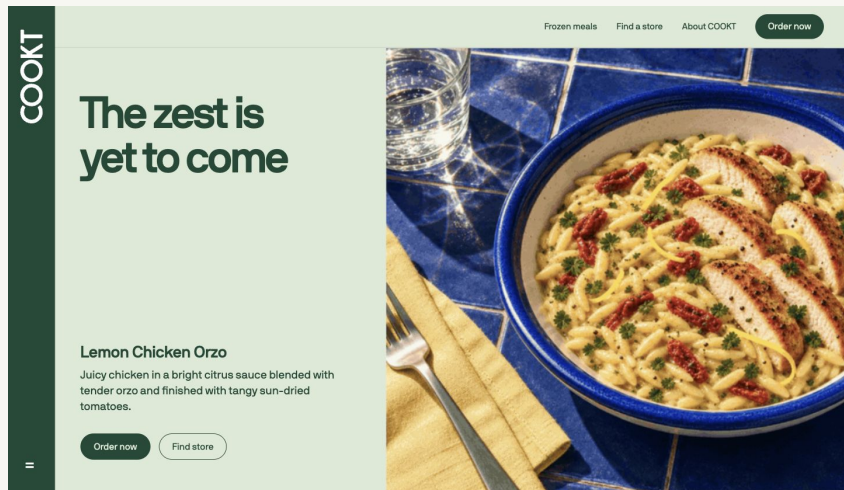

#F2D48A

Appetite / Recognition / Range separation / Shopping clarity

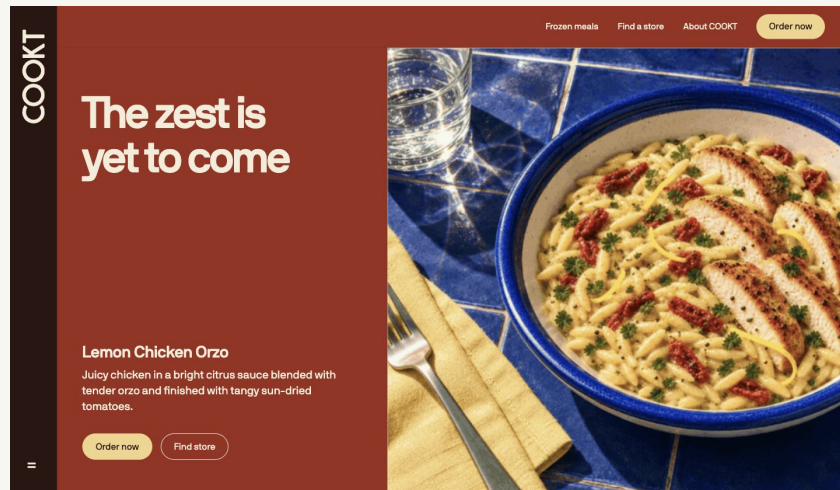

Select a brand palette after the matched tests.

Dish-led layout / matched color

Mint

Smoked chili

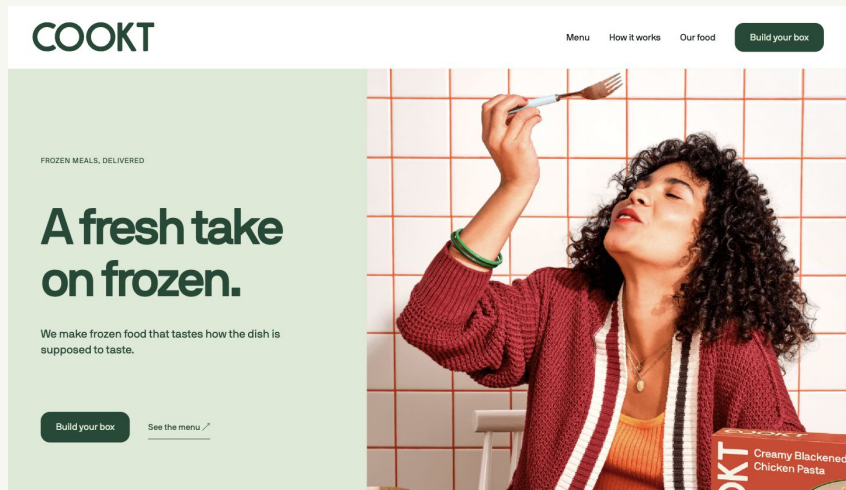

Existing desktop hero study / imagery, copy and geometry fixed within the pair.

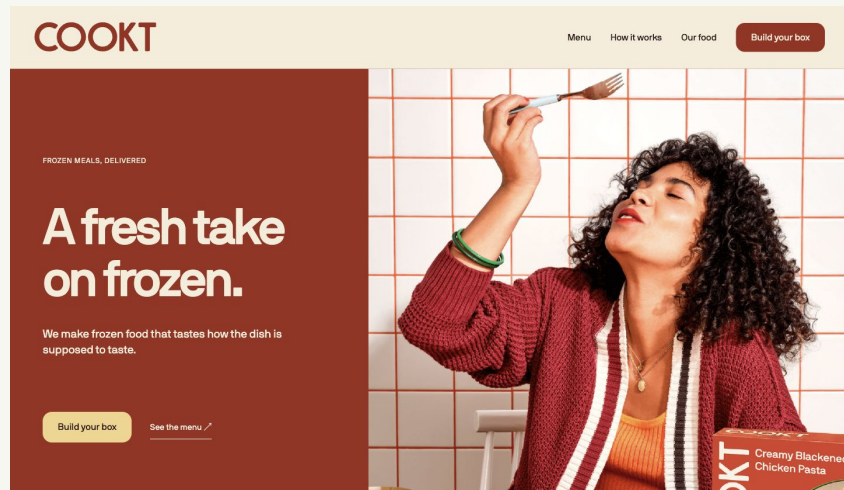

Compare color with the composition held constant.

Lifestyle layout / matched color

Mint

Smoked chili

Existing desktop hero study / imagery, copy and geometry fixed within the pair.

Compare color with the composition held constant.

Give the brand and each dish a role

Mint

Insert the same four-pack lineup

Smoked chili

Insert the same four-pack lineup

Keep Rasta distinct. Test the warm packs. Resolve the Chipotle brown.

Confirm the brand-to-SKU color relationship.

02 / R04

Packaging

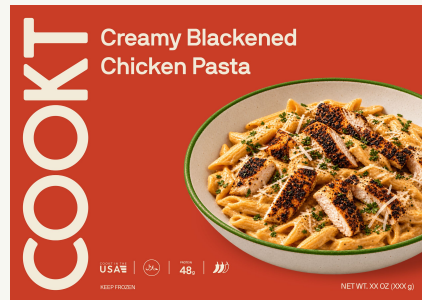

Four distinct dishes. One family.

Current v014 fronts / unchanged reference artwork

Rasta

Blackened

Orzo

Chipotle with Corn

48g protein is a mock value. Product facts and production details remain pending.

Retain the system while resolving the open details.

Separate the dish title from the legal name

Rasta

Jamaican Rasta Chicken Pasta
Legal name: pending

Blackened

Candidate: Cajun Blackened Chicken Pasta
"Creamy" decision and legal name: pending

Orzo

Lemon Chicken Orzo / clarify pasta
Legal name: pending

Chipotle

Chipotle Chicken with Corn
Legal name: pending

Confirm consumer names and obtain legal names.

Jamaican Rasta Chicken Pasta

Current v014 / reference

R04 / revised front

Insert revised front

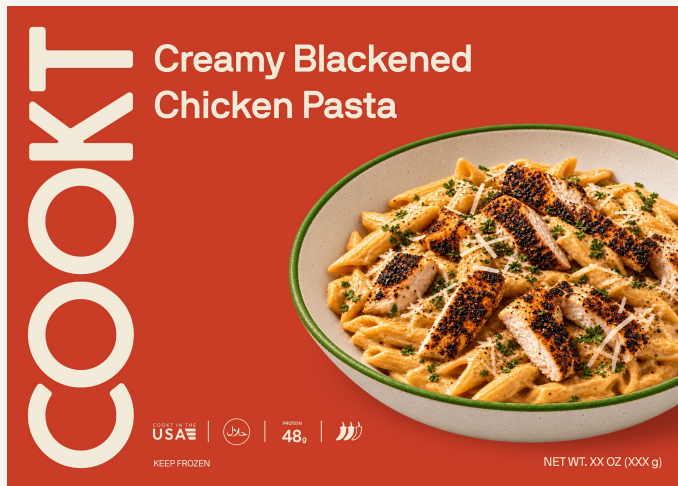

Retain the selected composition

Clarify the chicken wording and legal name.

Confirm naming clarity and the verified dish story.

Blackened / Cajun naming candidate

Current v014 / reference

R04 / revised front

Insert revised front

Retain the selected composition

Test "Cajun Blackened Chicken Pasta."

Resolve the title before revising artwork.

Lemon Chicken Orzo

Current v014 / reference

R04 / revised front

Insert revised front

Retain the selected composition

Clarify that orzo is pasta.

Make the dish category immediately clear.

Chipotle Chicken with Corn

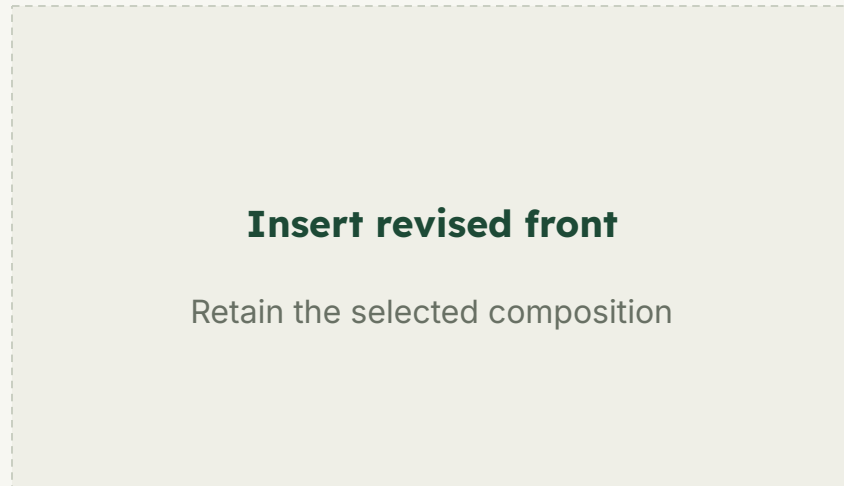

Current v014 / reference

Retain "with Corn."

Confirm wording and the exact brown.

R04 / revised front

Give the back and sides a clear hierarchy

Revised flat + assembled view

Insert back and side artwork

Story

Specific roots, flavor and eating experience.

Information

Verified preparation and required product facts.

Construction

Panel order, dimensions and clear zones.

Confirm the content hierarchy on one complete pack.

03 / R04

DTC sleeves

Print the identity. Label the variable facts.

Printed sleeve

Dish name, photo and color
Approved story
Validated heating steps

Variable back label

Nutrition Facts
Ingredients
Confirm allergen treatment

Remove the competing “cooked” banner from the sleeve top.

Confirm back-label placement and feasibility.

Prove one sleeve before building the range

Flat sleeve + label

Insert one SKU proof

Assembled sleeve

Insert the matching physical sample

Check fit, legibility, adhesion, scanning and applicator tolerance.

Confirm an assembled sample and change-control rule.

04 / R04

Insert mobile screen

04 / Checkout

Checkout entry
Clear next step

Insert mobile screen

Prototype link: pending

Confirm the primary DTC purchase flow.

Keep retail discovery easy to find

Desktop homepage

Insert the DTC-first layout

Retail entry

Insert landing / storefinder route

DTC shopping is primary. Retail discovery is secondary.

Confirm the secondary retail route.

Carry the same system into email

Matching email

Insert revised email layout

Motion / key frames

Insert the motion sequence

One clear shopping action.
Prototype / video link: pending.
Verify animation playback in Slides.

Confirm one matching email and review playback.

Close the inputs that hold up production

Product

Final recipes, heat, story, nutrition, allergens and weight.

Packaging

Legal names, regulatory route, claims and certifier evidence.

Operations

Carton / sleeve dimensions, label application and fulfillment.

Commerce

Box rules, delivery, pricing and checkout requirements.

Assign owners and dates to the remaining inputs.

Record the choices. Then roll them through.

Wordmark

Candidate and scope: pending

Brand color

Palette and SKU relationship: pending

Packaging

Names and sleeve-label architecture: pending

Commerce

Mobile flow and retail entry: pending

Then: one complete pack, one assembled sleeve, one mobile flow.
